

Hope grow here ... and YOU can be part of it.

Hey friend!

Mac the Macaroni here, joined by Bucky the Banana, Jill the Jelly, and Baker the Bread.

We've been busy this season — and today, we're huddled together on the pantry shelf to share **Tiffany's story**. It's a story about second chances, faith, and the kind of hope that changes everything.

Years ago, **Tiffany** stood in this very pantry line with her little girl, trying to make it through a hard season. She faced heartbreak, homelessness, and even cancer. But one day, she heard God whisper, *"Make a different choice."*

She did. She rebuilt her life, found faith again, and joined the very first **Getting Ahead** class — learning how to set goals and dream again. Today, Tiffany's part of our Resale Store team, helping others find the same hope she once needed.

"Life hasn't been easy, but God keeps showing me that every hard chapter can become part of someone else's healing story. Getting Ahead taught me that change

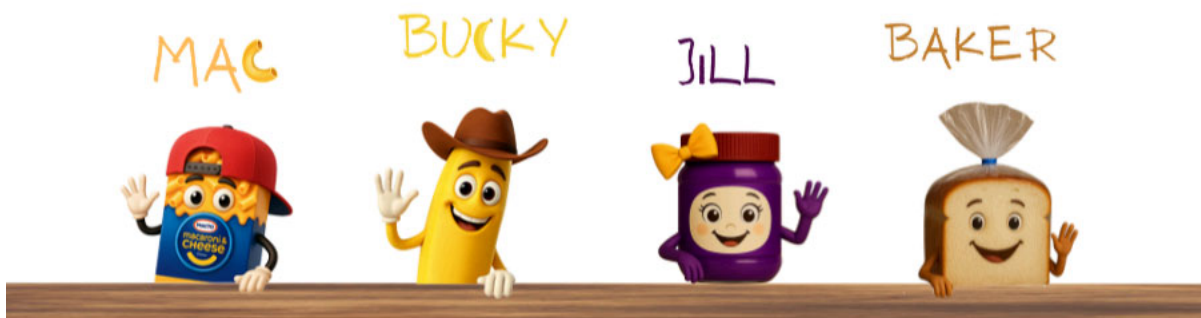

is possible. And now I get to walk beside others who are finding that same hope." — Tiffany

Every story like Tiffany's begins with someone who decides to care — someone who gives, volunteers, or spreads the word about Harvest House.

As this year comes to a close, would you consider joining us in **giving hope?**

Your gift, of any size, helps provide food, clothing, and life-changing programs for families in need right here in our community.

With gratitude (and a few noodles and crumbs),

And all your friends at Harvest House!
